

# The only Wi-Fi AAA and captive portal platform purpose-built for today's service providers

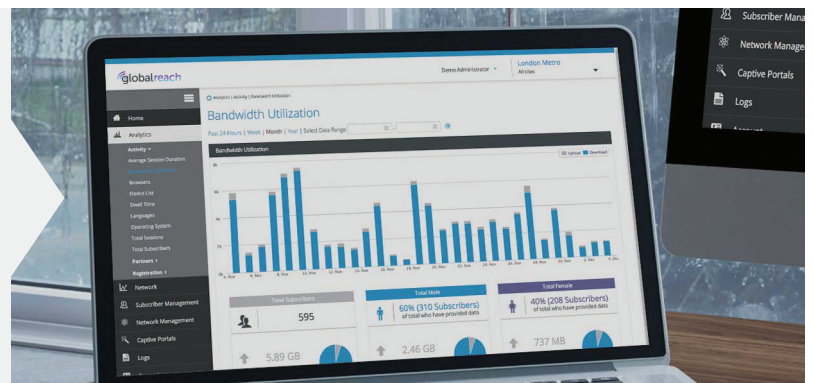

## Consumer, MDU, SMB, large enterprise and IoT solutions

**GlobalReach gives service providers one powerful captive portal and AAA platform to create, configure & manage multiple Wi-Fi services for their customers.**

1. Easily create, configure and manage new products
2. Single, unified control
3. Vendor-agnostic
4. Central business intelligence
5. Multi-level admin access
6. Proven performance
7. Comprehensive user experience
8. Frictionless Hotspot 2.0 OSU

### Proprietary RADIUS/AAA authentication engine

- Quick, secure authentication
- Network access control for any user and device
- Avoid cost and complexity of on-premises RADIUS deployment
- Multiple authentication options
- Available as a managed, cloud service
- Integrates with any existing, third party software

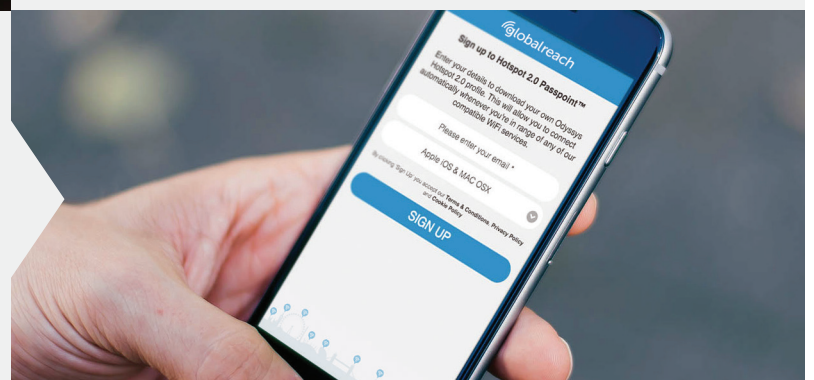

### Intelligent custom captive portal to connect and engage users

- Easily create, customize and manage captive portals, content and advertising
- Connect and engage on-site customers
- Upsell products
- Strengthen branding
- Support customer loyalty programs, communications and more

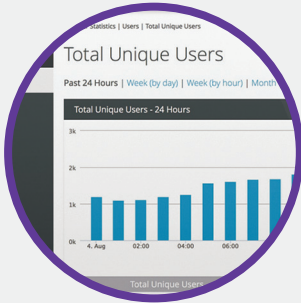

### The only Passpoint™ Hotspot 2.0 online signup server for all major operating systems and devices

- Supports the largest number of operating systems and devices
- Brilliant connection and roaming.
- Uses the industry's top standards
- Fully-branded connection and communication app
